

Becoming a Rockstar Sitter in 4 Easy Steps

1. Communication Is Key

Send a message through the site to confirm the job, text on-the-job updates, & send a thank you message afterwards

2. Be Prompt

Always plan ahead in order to be on time to every job, or impress parents by being 5 minutes early

3. Respect The Routine

Every family does it differently – parents appreciate when a sitter can master the household rules & routine with ease

4. Leave No Footprint

Nothing makes parents smile like coming home to a tidy house & happy kids - wrap up leftovers, wash dishes, and put away toys
